[1\) New City Level Data from Kids Count](#)

The Annie E. Casey Foundation's Kids Count online data system has been updated to include data for the 50 largest U.S. cities.

Some highlights for Honolulu include:

- 6% of teens are not attending school and not working
- 35% of children are living in families where no parent has full-time, year-round employment
- 11% of children are living in poverty
- 27% of children live in single-parent families

[2\) Save the Date: Champions for Children's Day is January 31st](#)

Please join child and family advocates, educators, legislators, and families at the Hawaii State Capitol (4th floor) on Thursday January 31st from 7:45 a.m. to 12 noon to jumpstart the 2008 legislative session with a priority focused on Hawaii's children and families. In addition to information booths, there will be breakfast (from 7:45 -10:00), Family Child Interaction Learning (from 9:30-10:30) and a Keiki Caucus Press Conference. This is a great opportunity to raise public awareness about issues that affect children and families in Hawaii, and to: share information about your agency or organization; meet with legislators and their staff; and exchange valuable resources and data.
